

Furniture Search

For a \$5 fee the Burlington Public Library staff will search the Chittenden and Eastman or Northwestern Cabinet Company catalogs for a furniture item for no more than 30 minutes. To search Chittenden and Eastman pieces, we need an approximate date of manufacture. For Northwestern Cabinet Company, we need a model number. Model numbers are usually found on the back of the furniture. Including a photo of the piece of furniture is strongly recommended. If we find your item, we will mail you a copy of the catalog page. If no such item is found, we will inform you as to what was searched. Please send your payment (checks or money orders can be made out to the Burlington Public Library) along with this completed form and photo to:
