BUILDING OUR FUTURE, PRESERVING OUR PAST

Those words were used in support of the construction of our current Burlington Public Library building. And on November 13th, 2006 Burlington Public Library opening its doors at 210 Court St.

Throughout November we will celebrate this milestone with activities demonstrating the resources and services built and offered over the past 15 years. Be on the lookout at the library for ways to share memories of your time here in the building and your support of the Burlington Public Library.

In the past decade and a half, we have continued to pursue our mission to provide opportunities for all people to connect with others, to learn about the world around them, and to imagine the futures before them. Here's to another great 15 years of serving the community!
